degrees & minors

BA Music Degrees

BM Music Degrees

(must choose jazz or classical track)

- The performance opportunities for BM students are equal no matter what the degree program
- Candidates for BM degrees must audition for jazz or classical. So, one could audition for jazz SEA or classical SEA, etc.
- BM degrees have more requirements and are more specifically career focused. BA degrees have fewer requirements, are more flexible, and have various career outcomes.
- The MEI and DMC minors may be combined with the various music majors for more artistic and professional opportunities.
- All three minors may be added to any other degree program on campus.

Minors:

- Digital Music Creation (DMC)
- Music & Entertainment Industries (MEI)
- Music Studies
